

Academic Counseling:

Students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn about course offerings, the graduation requirements of various programs, and early graduation procedures. Each spring, students in grades 8th through 12th will be provided information on anticipated course offerings for the next year and other information that will help to make the most of academic and vocational opportunities.

To plan for the future, including attendance at a college, university, or training school or pursuing some other type of advanced education, students should work closely with the counselor in order to take the high school courses that best prepare them. The counselor can also provide information about entrance exams and deadlines for application, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

Personal Counseling:

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, or emotional issues, or substance abuse. The counselor may also make available information about community resources to address these concerns. A student who wishes to meet with the counselor should contact the campus principal or the counselor.

Please note: The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent, unless required by state or federal law for special education purposes.
